

Expanded Display Range Scale

The labeled microvolt values on the scale immediately to the right of the Bar Graph Display are for the normal display range. These labeled values no longer apply when in the expanded display range. The actual microvolt values for the expanded display range are seen here:

30 Range		800 Range
30		800
25		600
20		400
18		300
15		200
13		150
11		100
9		80
8		60
6.5		40
5.5		30
4.5		20
4		15
3.5		10
3		8
2.5		6
2		4
1.7		3
1.5		2
1		1
